

# Hiking Trail Mileages

## Mount Greylock State Reservation

---

### Things to Know.

This guide is for use with a park trail map. Trail maps are available at the Visitors Center on Rockwell Road in Lanesborough (1.5 miles off Route 7), Bascom Lodge and at various trailhead kiosks around the reservation.

All distances are listed in mileage; 1 mile (U.S.) = 5,280 feet.

- **Time:** for an average hiking pace estimate 1.5 miles per hour. Plan conservatively.
- **Trail difficulty:** average hiker ratings based on distance and gradient from *easy*, *moderate*, *strenuous* to *aggressive*.
- **Trail markings:** white, vertical, dollar bill-sized blazes on trees indicate the Appalachian Trail (AT). Blue blazes indicate all other trails. Double blazes indicate direction change.
- **Parking at trailheads:** please keep all valuables stored in your car out of sight. Overnight parking permitted at summit (\$2 parking fee), Campground and Visitors Center.
- **Drinking water:** potable water is available at the Visitor Center (year-round) and behind Bascom Lodge on the summit (mid-May–October).
- **Pace & group size:** keep your group together; only hike as fast as your group's slowest hiker. Limit group size (12 people or less) to lessen environmental impacts. Ratio: 1 adult per 10 children.
- **Carry in, carry out:** Please contain and dispose of all trash at home. Leave-No-Trace.

### Greylock South & Visitors Center

<b>Brook &amp; Berry Trail</b>	From Visitors Center to Rockwell Road:	<i>Easy</i>	1.0 mi.
